

Vendors doing business or desiring to do business with the school district shall have an opportunity for a meeting with district purchasing officials relative to their products. During this meeting vendors shall be informed concerning the procedures for selling to the district. Vendors that do not adhere to the district procedures may be denied opportunities to solicit school business.

Subsequent visits by sales representatives shall be acknowledged and interviews granted or not depending upon the circumstances. School personnel shall take the opportunity to know more about products and services, however, they shall not be required to put their time at the indiscriminate use of sales personnel.

Compliance with the following policies also extends to vendor relations:

- School District Officer and Employee Code of Ethics and Regulations
(2160, 2160-R.1, 2160-R.2, 2160-R.3)
- Conflict of Interest (2160.1)
